Featured this week:

## "cherry cola" Baby Back Ribs - \$14

Sweet, spicy aroma tickling your nose. Sticky, tangy BBQ sauce exploding on your taste buds. Meat falling off the bone and melting in your mouth. Don't you just love sinking your teeth into a rack of slow-cooked baby back pork ribs?

We start by rubbing them with a savory blend of dry spices, then we sear them to seal in the juices, then we slow cook them to the perfect tenderness. We then slather on our tangy sauce made from cherry cola and cherry jam with a hint of spicy hot.

We will start you off with our dinner salad and world-famous English Muffin bread, then bring you a heap of these mouth-watering ribs with potatoes and roasted vegetables.

Quantities are limited, so order early!
